### Dear benefactor!

Charitable organization "Charity fund name of Michael Vasylevsky" expresses its deep respect for your active assistance to the people of Ukraine during the wartime!

Kind deeds do not go unnoticed – they shine like lighthouses to those who are waiting for help. Providing assistance during this difficult time for all of us, you give not just material values, but give hope that together we will overcome any adversity. The funds that were kindly provided by your organization will be used to repair the war-destroyed houses in Kyiv region, which is an invaluable help for the war-ravaged civilians.

Let your kindness and generosity return to you a hundredfold. I wish you all the best, health, prosperity and more warmth on your life path. I hope for further fruitful cooperation in supporting our Charitable Organization.
